

Road Map

The *Current Location* is *Temperature* and *Shape*. This sensation

in my *Part of the Body* is *Current Feeling*. My grief is *Gesture* with

Color trim. This map I'm holding is *Texture* and I'm

Behavior in a sea of *Emotion*. The clock on the wall

ticks *Velocity* and I ponder my next move. Walking *Direction* with

an incomplete map feels *Current Mood* and *Desired Feeling*. I'm captivated by this

Attitude feeling and wondering what is around the next corner.
